

Privacy Policy

1. Basic Policy

- (1) Codo Advisory, Inc. (hereinafter referred to as "we" or "the Company") has a social responsibility to protect personal information obtained by the Company and to ensure the trust therein. Therefore, all directors and employees of the Company must comply with all laws and regulations concerning the protection of personal information, and must handle the personal information held by the Company in an appropriate manner.
- (2) Leakage, falsification, loss, unauthorized use, or unauthorized disclosure of personal information obtained by the Company will result in loss of trust from the Company's customers and business partners, as well as damage to the Company. Employees who engage in such acts will be subject to disciplinary action and may also be subject to legal penalties. The Company hereby requires all officers and employees to be aware of the importance and responsibility of personal information management and to act in good faith and in accordance with this Privacy Policy (hereinafter referred to as the "Policy").
- (3) In addition, we will take the following measures to ensure the smooth operation of this Personal Information Protection Policy.

2. Handling of personal information

- (1) We will appoint a person responsible for the management of personal information, properly manage such information in accordance with our rules and regulations for the protection of personal information, and prohibit inappropriate use of such information.
- (2) We will conduct systematic education and training to ensure that all of our directors and employees are familiar with this Policy, and will periodically check and evaluate the status of compliance with this Policy, and review, maintain, and improve our personal information protection measures as appropriate.
- (3) In order to prevent leakage, falsification, loss, or unauthorized use of personal information held by the Company, we will strive to ensure and improve appropriate information security, including measures against unauthorized access, computers, and viruses.
- (4) We shall use personal information only within the scope of the purpose of use and only by authorized persons in accordance with their specific duties, and only to the extent necessary for the performance of their duties.
- (5) All officers and employees of the Company shall not disclose to any third party or use for any improper purpose any personal information obtained in the course of their duties. The same shall apply even after they leave the Company.

3. Purpose of use of personal information

- (1) The purposes of the acquisition and use of personal information shall be as follow:
 - (a) To send out administrative communications, questionnaires, and various types of

- information (products, services, seminars, exhibitions, etc.) from the Company.
- (b) To perform administrative procedures such as billing and payment to customers and performance of contracts and transactions with customers and business partners.
 - (c) To analyze the acquired browsing history information and distribute various types of information in accordance with the analysis results.
- (2) When personal information is provided for purposes other than those listed above, we will notify you in advance of the purpose of use, etc., and handle personal information within an appropriate scope.
